

Growing Skills in Teesside *and beyond* in the era of Net Zero

30th April 2025
09:30-13:30
Middlesbrough FC
Riverside Stadium
Teesside

The UK's net zero journey is creating significant economic opportunities and paving the way for the development of the next generation of skilled workforce. The government's recent announcement of investments in the Teesside hydrogen and carbon capture initiatives is expected to drive substantial growth within the region.

As part of ECITB's industry-wide consultation for the next Leading Industry Learning strategy, an interactive round-table event is being convened for contractors, clients, funding partners, educational institutions and training providers; supported by Net Zero Teesside, ECIA and NEPIC. Our goal is to identify and unlock meaningful action that will grow Skills within and beyond the Teesside region, delivered through collaboration.

PROGRAMME

09:30 – 10:00 Arrival (training provider trade stand showcase)

10:00 – 13:00 Main event

- Setting the scene for Net Zero Teesside
- Opportunities and the need for skills
- Existing skills initiatives showcase
- Leading Industry Learning Strategy round-table discussion

**What action can we take to bridge the gap between talk and action?
What commitment can we make today?**

How can the next ECITB strategy best reflect these aims?

13:00 – 13:30 Event close (ECITB & ECIA) & Networking lunch

REGISTRATION

Pre-registration to event is mandatory; please register your free place [HERE](#).

EVENT PARTNERS

ECITB

The Engineering Construction Industry Training Board (ECITB) is the employer-led skills body for the Engineering Construction Industry in Great Britain. We invest around £28 million every year to enhance skills across the engineering construction industry, support growth through workforce training, and tackle labour shortages and skills gaps.

ECIA

The ECIA is a member led association that provides a collective voice for employers within the Engineering Construction Industry. The Association works with all stakeholders to encourage good Industrial Relations and safe, productive working leading to the successful delivery of projects to Clients. It is underpinned by the NAECI, an effective and transparent framework that aids members in achieving their program safely, on time and on budget.
